

## **NRS LONGHORN FRAME**

### **Components:**

- (2) Side Rails
- (1) Seat Bar
- (1) Foot Bar
- (6) U Bolts
- (12) Washers and Locking Nuts
- (1) Frame wrench
- (1) Pair of Oar Mounts
- (1) Padded Raft Seat

**Note:** Seat is packed separately

### **Directions:**

1. Lay out the frame parts as shown in the image above.
2. Set the seat and foot bars on the side rails and install the U-Bolts. Add the washers and nuts leaving them loose. Be sure that the side marked "Front" on the seat bar faces forward. If any of the bars need to be re-positioned, it may be necessary to remove the U-bolts to make adjustments.
3. Add seat and oar mounts.
4. Check to be sure that all of the U-bolts are tight. Periodically check the tightness of all nuts and bolts.
